PRAIRIE CREEK MARINA WELCOMES JACLYN'S KITCHEN TO BEAVER LAKE

ROGERS, ARKANSAS — Prairie Creek Marina on Beaver Lake is excited to announce the arrival of Jaclyn's Kitchen as its newest waterfront dining destination for the upcoming season.

Founded on March 20, 2020, at its original location along Highway 12 in Rogers, Jaclyn's Kitchen has become a beloved local staple, known for its hearty breakfasts, homestyle cooking, made-from-scratch favorites, including some of the best burgers in the area. Owned and operated by Chef Jaclyn Slaughter, the restaurant recently announced its transition to Prairie Creek Marina, bringing its popular comfort-food menu to lakefront diners.

"Jaclyn's Kitchen is a fantastic addition to our marina and our community," said Chris Zaeske, General Manager of Prairie Creek Marina. "Jaclyn has built something truly special in Rogers, and we're excited to welcome her and her team to Prairie Creek. This will be a great new gathering place for our members, guests, and visiting boaters."

Jaclyn Slaughter shared her enthusiasm about the move, saying, "Prairie Creek Marina gives us the opportunity to serve our food in a beautiful, welcoming setting. Our customers have supported us from the very beginning, and we're thrilled to bring Jaclyn's Kitchen to the lake and create new memories with both longtime fans and first-time visitors."

Jaclyn's Kitchen is targeting a grand opening celebration on March 20—exactly six years after the restaurant's original debut—marking a meaningful milestone in its journey. As the team prepares for opening, they are fine-tuning their hours of operation and plan to serve breakfast, lunch, and dinner. The new marina location will also be BYOB, allowing guests to bring along their favorite bottle of wine or craft beer to enjoy with their meal while taking in the beautiful waterfront setting.

Having become a cornerstone of the Rogers dining scene, Jaclyn's Kitchen is now poised to become a popular destination for Beaver Lake boaters and marina guests alike.

The restaurant's official website is expected to launch in the coming days. In the meantime, guests are encouraged to follow Jaclyn's Kitchen on Facebook for the latest updates on hours of operation and grand opening festivities.
